Kushal,

My attorney received this response from the WE Energies defense attorney today after I forwarded him the info I found regarding the rail cars. My attorney Maxwell Livingston asked me to forward their response to you, to see what you thought about the legalities of what Mr. Schott said. The WE Energies attorney's name is Donald Schott of Quarles and Brady.

Please let me know if you have any knowledge of what he said regarding the railroad system.

Thank you  
Bill Pringle
